

Center for Neuroplasticity and Pain (CNAP)

It is hereby confirmed that the following has been brought to my attention, and that I will observe all below guidelines at any time:

Good Scientific Practice

Rules stipulated by The Faculty of Medicine, Aalborg University, on Good Scientific Practice:
<http://www.medicine.aau.dk/research/scientific-practice/>

Experiments on Human Beings and Animals

Experiments on human beings: The Danish National Committee on Biomedical Research Ethics <http://www.dnvk.dk/CVK/Home/English.aspx>

Experiments on animals: The Danish Animal Experiments Inspectorate

Health & Safety

Health and safety guidelines are stated at <http://www.hst.aau.dk/safety/>

Insurance

If you are a guest researcher and have no contract with Aalborg University, it is recommended that you take out personal liability insurance in Denmark while working at CNAP. If you do not have an employment contract with Aalborg University and do human experiments, you can only be involved in laboratory work according to protocols approved by the ethics committee.

Contact to Authorities

In order to ensure consistency in external communication with Danish authorities (e.g. ethics committees, the Danish Health and Medicine Authorities, the Danish Medicine Agency, the Data Protection Agency, municipalities, regions, etc.), ***all*** such contacts ***have to*** be approved by either your RIG head, your supervisor, or the SMI secretariat.

Transfer of Research Results

Upon termination of your employment/end of your research stay at CNAP you are obliged to transfer all data and results of your research to CNAP. The data and results should be transferred to your immediate superior.
